Dear [REDACTED]: 25X1A9a

25X1A6a Several persons have informed me of the outstanding assistance which you provided in connection with the recent revision [REDACTED] the China Trade Study.

25X1A6a I should like to express my appreciation for your cheerful and untiring work in providing, under considerable time pressure, the secretarial assistance so necessary to a timely transmission of the [REDACTED] to Washington.

Your part in the team project of producing this study is representative of the kind of individual effort that is so essential to CIA's success, and it is a real pleasure to commend you for it.

A copy of this letter will be made a part of your official personnel file.

Sincerely,

/s/
